BOULDER GARDEN

SINHARAJA, SRI LANKA

2 X STANDARD SUITES - BED & BREAKFAST

Boulder Garden is a remarkable eco-boutique hotel, designed around a crop of gigantic black boulders near Sinharaja Rainforest. It took local villagers three years to build Boulder Garden from local stone, preserving the surrounding natural environment. You feel as though you are enshrined in an ancient rainforest: winding steps lead through trees inundated with monkeys, squirrels and birdlife, past rock pools and flowing water. Rainforests are naturally wet, so be prepared. Boulder Garden is the sister property of nearby Rainforest Edge. The deep corridors, with rock walls and timber beams, have a medieval feel –with modern luxuries. There are ten spacious suites: two natural caves, one split-level family room, and seven suites with balcony. Interiors have a writing desk, IDD phones, tea and coffee-making facilities and tiled bathrooms with h/w showers. The open-air restaurant, with canvas chairs and storm lanterns, rests beneath the largest boulder of all which supports its own mini-waterfall when it rains. Traditional Sri Lankan cuisine and western dishes are served. A converted cave acts as a bar, and there is a spring-water swimming pool up to 6ft deep which is lit at night. Other facilities include room and laundry service, guided nature trails and treks to the nearby caves, kayaking and mountain-biking and excursions to Sinharaja Rainforest. Boulder Garden lies in the village of Weddagala, 45 minutes from the northern entrance to Sinharaja. The journey from Colombo is about two hours.

ELLA, SRI LANKA

2 X DELUXE ROOM - BED & BREAKFAST

98 Acres Resort is one of the best accommodation options in Ella, a hill country town towards the end of the train line which is now highly popular with travellers. This environmentally-sensitive resort has interiors decorated with granite and polished cement, whilst the structure is made of eucalyptus columns and roofs of bamboo and Illuk straw. Discarded railway sleepers are used for walls, paving and even furniture. As the name suggests, the resort spreads across a 98-acre, privately-owned tea plantation surrounded by mountains and has spectacular views of the southern plains. A 10-acre patch of untouched wilderness within the estate attracts many birds and is ideal for trekking and nature trails. There are 12 rooms (six standard and six deluxe) in six stone chalets, each with two bedrooms. All rooms have private balcony with mountain views. Standard in-room facilities include Wi-Fi, 32-inch LCD TV with satellite channels, tea/coffee facilities, mini-fridge, safe, hair dryer and room service. Ensuite bathrooms have stone interiors and h/w showers. The lounge and restaurant pavilion is situated on a hillock. Sri Lankan and western cuisine is served in the restaurant or your own balcony. The swimming pool has a children's pool. Mountain bikes are available. Excursions include guided treks up Little Adam's Peak (which is right in front of the resort), nature treks and a visit to the tea factory. Six hours from the main international airport; four hours from Kandy. Designed to be as eco-friendly as possible, 98 Acres does much towards sustainability: the hotel was mostly constructed from recycled materials; the buggies operate on battery power (zero emissions and limited sound pollution), and the furniture was made using local and widely available timber.

VISIT THE ANCIENT KINGDOM OF POLONNARUWA
POLONNARUWA, SRI LANKA

Polonnaruwa – or to use its proper name, the royal ancient city of the Kingdom of Polonnaruwa – is the second oldest of Sri Lanka's ancient kingdoms (after Anuradhapura), and was made the capital of the island in 1070 by King Vijaybahu I. Polonnaruwa is home to the extensive ruins of a medieval civilization which have been incredibly well-preserved and are still awe-inspiring to see. As well as ancient palace ruins and the remains of Buddhist and Hindu shrines, there are four breath-taking statues of Lord Buddha at Gal Vihara, a colossal dagoba and the 'Satmahal Prasada' – a seven-storey edifice which has such unusual architecture that modern-day historians remain baffled.

HIGHLIGHTS:
The statues at the Gal Vihara are utterly awe-inspiring and are certain to be a highlight.

DURATION:
APPROX. 2 HRS 30 MIN

Water Garden is spread across 35 acres with the majestic Sigiriya Rock Fortress in the backdrop, was created by the Sri Lankan architect, Channa Dasawatte, as a tribute to the ancient water gardens that once occupied the lands surrounding the Sigiriya Rock fortress. The accommodation is tastefully furnished and also highlights several creative pieces done by local artists. Take refuge from the sun at the open-plan reception area before you are taken to your respective villa in a buggy. Water Garden offers accommodation in 30 villas in three categories - 13 Standard Villas (950sqft), 13 Deluxe Villas (1282sqft) and 4 Duplex Villas (2135sqft). The Standard Villa has a well-appointed sitting area with contemporary furniture, a cable TV and a minibar. The bedroom is complete with a king-sized four-poster bed with mosquito net, writing table, wardrobe, safe and a spacious ensuite bathroom with twin wash basins, shower cubical and stand-alone bathtub. There is also a private terrace. The Deluxe Villa has the same layout as a Standard Villa but with the addition of a plunge pool with Jacuzzi and wooden deck with sunbeds looking out over the surrounding landscape. The Duplex Villa also has a well-appointed sitting area with cable TV and minibar, with the addition of a dining area for two (complete with cutlery). This too has a private plunge pool with Jacuzzi and wooden deck with sunbeds. The bedroom downstairs is furnished with twin beds, wardrobe, safe and writing table and has an ensuite bathroom and an outdoor terrace. The master bedroom upstairs offers an undisturbed view of Sigiriya Rock and is complete with a king-sized four-poster bed and ensuite bathroom. Perfect for families and groups of friends. All rooms can be tripled: the additional bed provided will be a folding bed. All villas are air-conditioned and have complimentary Wi-Fi. The restaurant and the bar are located on either side of the pool, which overlooks the water garden and Sigiriya Rock. Constructed with a blend of indigenous materials and natural interior finishes, the highlight of the restaurant is the grand chandelier, created by one of Sri Lanka's foremost artists and sculptors. The restaurant offers a variety of local favourites as well as some fine western dishes. In addition, the hotel also has a kid's pool, billiards room, gym and a spa with sauna and steam rooms. They also offer a range of activities including bird-watching, nature treks, yoga and archery, to name a few. Water Garden is in Sigiriya in the Cultural Triangle, about 4.5 hours from Colombo's international airport. Approximately 8km from the Sigiriya Rock Fortress.

LEISURE DAY

VISIT TO THE SIGIRIYA LION'S ROCK FORTRESS
SIGIRIYA, SRI LANKA

FROM 6:30 AM

Sigiriya Rock Fortress is one of the most dramatic, inspiring and beautiful historical locations in the world, and has been recognised as such by UNESCO. Built in the 5th century by a fleeing King Kasyapa who killed his father to take the throne, the ruins of Sigiriya's fortress-palace sit atop a towering rock and can be accessed only by ascending the 1,200 steps cut into the rock face. Before you attempt the climb, your chauffeur-guide will take you around the water gardens at the base of the rock and explain the incredible engineering that went into keeping them filled, and point out the vast moat which was once filled with crocodiles. Once you reach the summit, which will take approximately 45 minutes – 1 hour depending on your preferred pace, you will be rewarded with utterly awe-inspiring views across the rugged plains of the Cultural Triangle which are particularly picturesque at sunset or in the early morning light.

HIGHLIGHTS:

Whilst the view is certainly the highlight here, make sure to pause halfway through your climb to admire the ancient cave paintings.

RESTRICTIONS:

People of all ages climb sigiriya, but you need to be physically able to do so. it is your responsibility to assess your physical fitness before you climb, bearing in mind any medical conditions. there are two sections of the climb where the steps come away from the rock face and you can see straight down - vertigo sufferers may find this unsettling.

DURATION:

4X4 JEEP SAFARI IN MINNERIYA, ECO AND KAUDULLA NATIONAL
PARKS

MINNERIYA, SRI LANKA

FROM 3:00 PM

Minneriya, Eco and Kaudulla national parks are some of the best places in Sri Lanka to see elephants. Elephant sightings are consistent all year round, and during the dry season travellers can witness the 'Elephant Gathering', a recognised wildlife phenomenon which occurs when the watering holes dry up and large herds of elephants have to congregate around a single water source. Minneriya, Eco and Kaudulla are very close together in the Cultural Triangle and the elephants move freely between them, using corridors to migrate between the parks during different seasons. For this reason, we do not specify which park you will visit – your chauffeur-guide and the park staff will recommend the best park on the day of your safari, based on the movements of the elephants. As well as elephants, the park boasts deer, leopard, sloth bear and many species of bird, and is an important habitat for two of Sri Lanka's endemic monkeys – purple-faced langurs and toque macaques.

**INCLUDES:**

Jeep and driver, entrance fees.

**HIGHLIGHTS:**

As well as the elephants, the variety of birds here is a definite highlight. Minneriya Reservoir attracts water birds such as painted stork, migrant birds from other countries and some of the island's endemic species including the black-crested bulbul and Sri Lanka junglefowl.

DAMBULLA CAVE TEMPLE
DAMBULLA, SRI LANKA

Dambulla Cave Temple is one of the most visited cultural sites in Sri Lanka, and rightly so – this cave temple complex dates back over 2,000 years and boasts exquisite ancient statues and ceiling frescoes. There are five caves in total, each with different décor and a different atmosphere, and you will likely see monks and local Buddhists there to worship and make offerings. All visitors must cover their shoulders, elbows and knees before entering the site, and no shoes can be worn inside the complex so we recommend that you take a spare pair of socks with you as the ground can be hot and dusty. You will begin your visit at the base of the rock, which is clearly identified by a temple crowned with a towering golden Buddha statue, and will then climb approximately 200 steps to reach the caves. This climb is not strenuous. The whole visit will take approximately 1 – 1.5 hours.

HIGHLIGHTS:
As well as the incredible ancient paintings which decorate the ceiling of each cave, the highlight for many is the enormous reclining Buddha which entirely fills the final cave.

GALLE FACE HOTEL
COLOMBO, SRI LANKA

2 X PREMIER ROOM – BED & BREAKFAST

One of the first hotels to be built in Asia, Galle Face Hotel is a masterpiece of Victorian architecture which dates back over 150 years and enjoys an iconic position in Colombo beside Galle Face Green. For many it remains their hotel of preference in Colombo. The hotel's recent refurbishments have added to the allure of its old-world charm: stately wooden panelling and staunchly Victorian rooms are immediately resonant of a bygone age, whilst the large, sea-facing veranda is an enchanting spot for afternoon tea or an evening drink. Four different restaurants offer a variety of cuisine, from fine-dining and seafood to pub grub at Inn on the Green. Galle Face Hotel has 156 rooms, split between two wings and many categories. All rooms have: A/C and overhead fans; tea / coffee facilities; stocked mini-fridge; 42" flat-screen TV; desk; safe, and bathroom with walk-in shower and hairdryer.
